

GRIZZLY RUMBLE GRATE SPECIFICATIONS

Model: 10ft General Purpose Grate | Assembly FR2

1. GENERAL DIMENSIONS

Overall Width	10' - 0"
Overall Length	8' - 0"
Effective Grate Width	9' - 6"
Total Shipping Weight	2,041.96 lbs

2. MATERIAL COMPOSITION

Component ID	Structural Profile	Material Grade
Primary Frame (w1)	Heavy Structural Frame	A36 / High Strength
Structural Tubing (t3)	HSS 2-1/2 x 2-1/2 x 1/4	A500 Gr. B
Agitator Plates (p2)	Flat Bar 1 x 4	A36

3. FABRICATION & FINISH

Welding Standards	1/4" Fillet Welds (Typical)
Surface Preparation	Cleaned to SSPC-SP standards
Coating System	Industrial Shop Primer with High-Visibility Top Coat
Standard Color	Safety Yellow

4. FEATURES & COMPLIANCE

- Engineered for heavy-duty vehicle trackout control.
- Industrial-grade structural steel construction for multi-year site durability.

- Standardized 13/16" connection holes for site integration.

Product data derived from assembly FR2 technical documentation.
