The Grate Solution

The Grate Device

(Available in 10' and 20' widths)

Expertise: Available in 10' x 8' and 20' x 8' sections. Can be expanded to any length required for your site.

- **Key Benefits:**
- Patented vibration-based cleaning
- Self-cleaning deep-cell design
- No power or water required
- Fast and easy installation
- Engineered for heavy vehicle traffic
- Reusable and transportable

Why Choose Grizzly™?

01 Minimize Trackout

Patented method to minimize the tracking out of dirt, mud, dust and debris from your unpaved jobsite.

02 Cost Effective

Reduce the cost of clean-up on the road and promote a safe construction site by slowing exiting traffic.

03 Improve Air Quality

Help control Particulate Matter (PM10) to help improve air quality in the surrounding community.

Key Benefits

Reusable & Scalable

Transportable and scalable; can be expanded to any length x width required for your project.

Safety First

Promotes a safe construction site by slowing exiting traffic and keeping public roads clean.

Patented Innovation

Recognized innovation with multiple patents (6,981,818; 6,881,006; 7,059,799 and 7,775,739).
